GET THE RIGHT MEASUREMENT TECHNOLOGY

With 35+ years in process measurement applications we can help you apply the correct technology for all measurement solutions.

100% New Zealand owned and operated.

Instrumatics

PRODUCTS

Instrumatics offer products which meet the changing needs of industry to offer expertise and solutions from a large range of instrumentation, controls and their ancillaries. The company is a premier stockist and distributor for high quality

measurement and process control system components with over 40 years of industry experience. Products from many manufacturers are stocked for your convenience and customised instrumentation is available at short lead-times.

LEVEL

- VEGA **Radar**
- VEGA **Guided Microwave**
- VEGA **Hydrostatic Level**
- VEGA **Capacitive**
- VEGA **Ultrasonic**
- VEGA **Switching**
- VEGA **Radiation**
- ATMI **Float Switches**

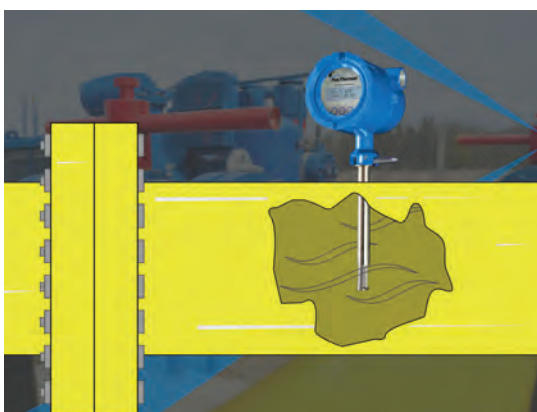

PRESSURE

- VEGA **Process Pressure**
- VEGA **Differential Pressure**
- MAGNUM PRO **Calibration Handpumps**

FLOW

- ARKON **Mag Flowmeters**
- FOX **Mass Flow - Gas**
- TRICOR **Mass Flow - Liquids**
- ALICAT **Mass Flow - Scientific**
- MICRONICS **Non-Contact**
- LAKE **Variable Area**
- MICRONICS **Open Channel**
- TORBAR **Averaging Pitot (DP) Tube**
- STATUS **Totalizers**

WATER QUALITY

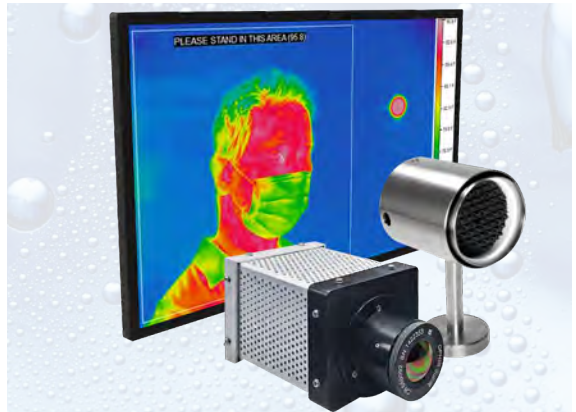

QUADBEAM **Suspended Solids**
 S::CAN **Water Quality**
 LTH **pH - Dissolved Oxygen**
 LTH **Conductivity**
 PARTECH **Water & Wastewater**
 AQUAMATIC **Water Samplers**

ANALYTICAL

E-INSTRUMENTS **Indoor Air Quality (IAQ)**
 DELTA OHM **Environmental / Weather**
 SINTROL **Dust Monitoring**
 STATUS **Humidity**

TEMPERATURE

STATUS **Transmitters**
 STATUS **Sensors**
 ISOTECH **Calibration**
 MIKRON **Infrared**

TRANSMISSION & CONTROL

PINGALERT **IoT Transmitters**
 INSTRUMATICS **Customized Panels**
 VEGA **Signal Conditioners**
 STATUS **Isolators, Converters, Splitters**
 STATUS **Signal Conditioners**
 STATUS **Displays**
 ACROMAG **Remote I/O**
 SIGNATROL **Dataloggers**

GAS DETECTION

CROWCON **Portables**

CROWCON **Fixed Systems**

ENMET **Specialised Monitoring Systems**

GAS ANALYTICS

ADVANCED INSTRUMENTS **Oxygen Analysers**

EDINBURGH **Gas Analysers**

SERVICES AND SOLUTIONS

Safety can't be compromised. At Instrumatics, we recognise how critical it is that all instruments are kept in perfect working order. We offer highly professional and efficient servicing of our full range of products both in-house and on site. Our in-house turnaround time for portable gas detectors is 48-hours with same day return available on request. We have highly experienced Engineers who can provide technical information and advise on all aspects of instrumentation. Your annual calibrations can be performed & certified using the latest in international standard equipment
